The Mission

is to #end human trafficking through collaborative initiatives focused around prevention, protection, social reintegration and rehabilitation of survivors, partnership and advocacy, promoting actions that affect the systemic causes.

私たちのミッション

The Vision:

Talitha Kum is an expression of the Gospel of Mark (5,41). The words, translated from the Aramaic mean "young girl, I say to you, stand up." After uttering these words, Jesus took her by the hand and she immediately got up and walked.

私たちのビジョン

Three priorities area of structural injustice identified by Talitha Kum :

First priority areas of structural injustice : The power differential between men and women in all sectors: economic, social, familial, political, cultural and religious.

タリタクムが優先的に取り組む、3つの構造的不正義

1つめの優先分野は 多様なセクターにおける男女間の差について . . .

Second priority areas of structural injustice : The dominant model of neo-liberal development and unfettered capitalism creates situations of vulnerability that are exploited by recruiters, traffickers, employers and buyers.

タリタクムが優先的に取り組む、3つの構造的不正義

2つめは・・・新自由主義的な開発モデル、資本主義が生み出す様々な脆弱性

Third priority areas of structural injustice : Unjust and inadequate immigration law and policy coupled with forced migration and displacement puts people at greater risk of being trafficked.

タリタクムが優先的に取り組む、3つの構造的不正義

3つめは 不十分な移民法と移住政策。人身取引されるリスクが高まります。

We know that only by working in **collaboration** and **solidarity**, weaving a web in love, will we be able to confront the structural issues that cause and perpetuate human trafficking.

As members of the global Catholic Church, we affirm the Pastoral Orientations on Human Trafficking and will incorporate its directions into our work.

私たちは、協働と連帯によってのみ、構造的な問題、特に人身取引の問題に立ち向かえると考えています。

また、カトリック教会のメンバーとして、人身取引に関する司牧指針（POHT）を支持し、自分たちの仕事に取り入れます。

The impact of Covid-19 on human trafficking

/新型コロナウイルス感染症が人身取引問題にあたる影響

The Covid-19 pandemic worked like a lens that magnified and worsened the injustices and vulnerabilities of billions of people around the world. It has accelerated processes, triggering a disruptive effect that requires us to combine more commitment to the care of the environment and the person (LS 48), promoting real paths of conversion and change!

- Increase of vulnerabilities. The main groups affected by Covid-19 reported are women, children (education), ethnic minorities, foreign citizens.
- the job loss in various sectors of production and services
- increase in the prices of essential goods.

- The increase of indoor and online exploitation, including domestic violence, sexual exploitation of children, women and adolescents online
- Migrants workers were abandoned after losing their jobs, mobilizing masses of internal migrations flows.

- Covid-19 has increased anxiety, insecurity and instability. In this context, Talitha Kum seeks to restore and maintain a space of hope and care for all. New protocols of hygiene and social distance have been introduced.
- With creativity the empty spaces left by the absence of volunteers are filled and we try to cope with the excessive increase in expenses, against a reduction in offers.

Talitha Kum Networks supported survivors of trafficking in persons who are accompanied in the context of semi-autonomy outside the safe houses offering:

- material aid such as financial support for rent and school fees, food and sanitary equipment.
- psychosocial and spiritual accompaniment offered by telephone or using online communication platforms.

This type of aid is an unforeseen additional expenditure due to the loss of work. This population, in fact, was for the most part employed in the sectors affected by the break-in of Covid-19.

How COVID-19 impacted on Talitha Kum.

- The sharing among religious congregations to support safe houses for unforeseen extraordinary expenses.
- The offer of qualified support to leaders to promote groups of reflection “workshops of ideas”;
- Self-help groups and group of supervision to integrate the individual and social trauma - including “caregivers” - and to exchange good practices for leadership;

- The creation of new ways to prevent trafficking, using the tools offered by internet communication technology.
- Patreon online initiative of art therapy
<https://www.patreon.com/SuperNuns>
- The efforts to support migrants and to find safe migration pathways and the regularization of paperless migrants, who have the right to be protected from both the pandemic and the vulnerability easily exploited by traffickers.

Pope Francis to Talitha Kum Delegates (26/9/2019) /教皇フランシスコのタリタコム訪問 (2019年9月26日)

Your work brings together the missions of different institutions and demands cooperation between them. You have chosen to be on the front line. Therefore the numerous Congregations that have worked and continue to work as the "avant-garde" of the Church's missionary activity against the scourge of human trafficking deserve gratitude (see Address to Participants in the International Conference on Human Trafficking, 11 April 2019). This is also a model of how to work together. It is an example for the whole Church, and also for us: men, priests, bishops ... You are giving a great example – keep at it !

Pope Francis to Talitha Kum Delegates (26/9/2019)

In the fight against trafficking, Religious Congregations are fulfilling in an exemplary way their charismatic role in the life of the local Churches. Your insights and pastoral initiatives have paved the way for an effective and much-needed ecclesial response. At the same time, I would reiterate that "the journey of consecrated life, both female and male, is a journey of ecclesial discernment." (Address to Participants in the XXI Plenary Assembly of the International Union of Superiors General (UISG), 10 May 2019). It is the path chosen by the Holy Spirit: he is the one who creates "disorder" in the Church through his many charisms, yet he is also the creator of harmony in the Church. A path of rich gifts.
